[Monthly Calendar](#)

Dear Nancy,
I think life is like a mosaic, "we collect bits and pieces and our life continues to grow and change shape year after year". With all the chaos in the world draining our energy and motivation, I'm working on limiting the negative mosaic pieces into my creative life. I hope by offering a place to create mosaic art at The Mosaic Gardens, we can help you to reclaim some calm and happiness in your life! With smiles- Nancy

One more note:

No shame here, but I have several unfinished mosaics that were created at Saturday Mosaic Workshops, going back to Spring 2024. I have been storing it for you, but I really need to clear out space. Please come to an Open Studio to complete it. If you want to pick it up, let me know when and I will place it on my front porch for you to pick up at your convenience. If I haven't heard from you either way by the end of March, then your mosaic piece will be joining others in Mosaic Heaven. Thank you!

Quote of the Month:

"The world always seems brighter when you've just made something that wasn't there before."

- Neil Gaiman

"Mrs. Hammond! I'd know you anywhere from little Billy's portrait of you."

Cartoon by Edward Frascino November 14, 1988
