"Mosaic Stained Glass Wind Chimes"
(new & advanced students)

Open Studio (OS)

(1 - 4 pm)

Dear Friend,

A new season is almost here, which means it's time to start filling our calendars with things we're excited about.

As you make your plans, I hope a Mosaic Workshop or an Open Studio visit will be on your list. There's nothing better than spending some creative time together!

The winter session was full of wonderful mosaic creations by both new and returning students. It's always inspiring to see the creativity that fills the studio.

I also want to let you know about a small change coming this spring. To keep the

A few seats are still available:
Mosaic Workshop
["Glass Re-imagined"](#)
Saturday, March 21

Join us for a day of transforming glass into beautiful mosaic art.

Reserve your seat before they're gone!

Busy open studio students

studio running and continue offering the materials, tools and space that make our work possible, I need to make a modest adjustment to my rates. My bookkeeper recently reminded me that I haven't increased studio time or material rates in over five years, even though my expenses have steadily risen during that time.

Starting April 1:

- Hourly studio time will increase from \$15/hour to \$20/hour
- Material rates will increase from \$0.40 to \$0.45 per square inch

I truly appreciate your understanding and your continued support of the studio. It means so much to have such a creative and welcoming community of mosaic artists.

I look forward to seeing what everyone creates this season. If you've been thinking about starting a new mosaic project or finishing one that's been waiting, this is a great time to join us. You can find upcoming Open Studio and workshop dates in this newsletter or our [website](#)—just visit the calendar to reserve your spot.

With smiles-
Nancy
